Rescue of valuable grave plates from Bergfriedhof

Gremium	Termin	TOP	ö	nö
Ortschaftsrat Durlach	18.05.2022	11	X	

To preserve valuable grave stones, an agreement is being made with the entitled parties regarding the removal of the grave stones. The agreement is concluded, with which the ownership of the grave is transferred to the City of Karlsruhe.

These grave stones will be preserved in the form of a grave guardianship.

The grave sites remain as such, that is, the grave stone remains in place and location. In principle, the entitled party agrees that the grave stone may be moved within the cemetery.

At present, there are about 70 valuable grave monuments, which are no longer in the ownership of the families. So far, since 2019, 11 new grave guardianships have been added.
