

UITP Regional Training Centre Karlsruhe

Cooperation partners:

Hochschule Karlsruhe
Technik und Wirtschaft
UNIVERSITY OF APPLIED SCIENCES

Industrie- und Handelskammer
Karlsruhe

PROFILREGION
MOBILITÄTSSYSTEME
KARLSRUHE

In April 2019, the International Association of Public Transport (UITP), the Karlsruhe TechnologyRegion (TRK) and other leading stakeholders in the Karlsruhe transport sector signed a cooperation agreement, marking the launch of the UITP-Karlsruhe Mobility Innovation Partnership.

In joining forces, the partners aim not only to collaborate on innovative projects, but also to set up a regional training centre: the UITP Regional Training Centre Karlsruhe. Training is delivered by international training professionals from UITP. Experiences are shared by leading transport operators, research institutions and the industry – presenting pioneering concepts and solutions. Public transport experts from all over the world can come to Karlsruhe to expand their knowledge and gain valuable inspiration.

The International Association of Public Transport (UITP) and leading stakeholders in the transport sector in the Karlsruhe TechnologyRegion signed a cooperation agreement on 4 April 2019, inaugurating the UITP-Karlsruhe Mobility Innovation Partnership.

What you can expect:

- ▶ Internationally recognised trainings
- ▶ Qualified UITP trainers
- ▶ Trainings delivered by public transport experts, for public transport experts
- ▶ Best practice showcases and site visits
- ▶ Outstanding learning environment
- ▶ Trainings available in English and German

For the latest information about tutors and individual training sessions, visit www.uitp.org/training.
